

Integrating benefits, productivity, compensation.

HKMB HUB International People Solutions takes a comprehensive approach to delivering leading edge, strategic guidance in the areas of employee benefit plans, key person insurance, executive travel insurance, retirement plans and specialty health plans. By viewing program elements in combination, we can create programs in which each component contributes to overall objectives.

The HKMB HUB International People Solutions Team is comprised of some of the industry's most experienced people. We are well equipped to deliver the best products available to satisfy client objectives. Our broad experience allows us to be innovative with program design, implementation and ongoing stewardship. In addition, HKMB HUB International's strong carrier relationships and broad access to the market means that we can often deliver when others cannot.

Add to this our ability to meet clients' needs internationally and you have a combination that truly separates HKMB HUB International People Solutions from the rest.

Benefit Consulting

HKMB HUB International People Solutions works with companies of 2 to 20,000 employees to develop 3 to 5 year strategies that address rising benefit costs while supporting the goal of a healthy, capable and productive workforce.

HKMB HUB International People Solutions believes that a healthy employee is a more productive employee.

Executive Programs

HKMB HUB International People Solutions has the expertise to help clients strengthen the relationship of their organization with their valuable senior staff. Some of the innovative products we handle include:

- Access to U.S. Medical Treatment
- Use of Private Health Spending Plans
- Disability Top-up
- Personal Security

New and improved products are continually introduced into this market space. HKMB HUB International People Solutions keeps our clients apprised of these changes based on the business needs of their executives.

Disability Management

HKMB HUB International People Solutions has extensive experience in Worker's Compensation (in all regions of North America), workplace Health and Safety, and Short and Long-term Disability. We have helped many of our clients design and implement programs that save money and reduce frustration.

Retirement Planning

HKMB HUB International People Solutions' approach to the complexities of pension planning is to make sure that the CAPS (Capital Accumulation Plans) guidelines are adhered to and documentation clearly defines the roles and responsibilities of all stakeholders. From there, we work with employers to exceed regulatory requirements and employee expectations with regard to plan communication and education.

Individual Products

For decades, HKMB HUB International People Solutions has been fulfilling all our clients' Life Insurance needs, from Key Man policies to complex buy/sell funding and estate planning instruments. We also specialize in Living Benefits such as Critical Illness and Long-term Care and Disability Income.

International Benefits

HKMB HUB International People Solutions has access to local expertise in over 60 countries through strong broker partnerships with fellow members of Worldwide Broker Network (WBN). Our Canadian clients can rely on us to provide seamless international service and assist them to better manage their people exposures worldwide.
